**Accommodation:** we recommend <http://www.telsiaitic.lt/gb/>

### **Terrain and maps:**

**1<sup>st</sup> day. Alsėdžiai.** A small town with population of approximate 1000 citizens. Self-built town with a lot of folk architecture houses. Medium coarse terrain. Because the location is populated since stone age, there are unusual man made micro-objects of terrain. Map will cover town and it's areas. Recommended gear: forest clothing.

**2<sup>nd</sup> day. „Pušinė“ forest.** Volatile mixed and coniferous forest. Intense medium coarse and complexity terrain. A lot of swamps, but the most of them easily crossed. The forest is intensively used, but the general area is good with small spots of young trees. Road network between dense and middle. Competition in this area will be held for the 1<sup>st</sup> time.

**3<sup>rd</sup> day. “Gelžės” forest.** Volatile mixed and coniferous forest. Medium density and complexity terrain with few swamps. The crossing in the matured forest is good, but there are few areas of young forests. Rare network of roads. The North East part of the forest is completely new, but the main area is already used for various types of competitions and trainings.

**4<sup>th</sup> day. Telšiai.** Map covers different parts of the city. Old town is one of the seven protected old town areas in Lithuania with irregularly shaped buildings and streets on the slope. Large and intense terrain. Map has held few competitions before and is being used for trainings. Recommended gear: sprint clothing. **Footwear with spikes is forbidden!**

**Groups:**

M/W 12A, 14, 16, 18, 20, 21E, 21A, 35, 40, 45, 50, 55, 60, 65, 70, 75, 80, 85, 90, 12B\*\*, M10\*\*, M8\*, OPEN A, OPEN B

\* marked track with specially prepared map.

\*\* marked track (controls near the track)

**Winner establishment:** competitor place is determined by the sum of time spent on track summing four-day results.
